About Me

A highly skilled and proficient web developer with **1.5 years of experience** in all aspects of **Web Development**.
Results-driven individual contributor with a **successful track record** in exceeding expectations for web development initiatives.
Passionate about experiencing new skills.

Professional Experience:

- **Softstacks Technologies Pvt. Ltd. Aug 2025 – Current**

As a Trainee Web Developer at SoftStacks Technologies, I am actively engaged in honing my skills and contributing to the dynamic world of web development. My primary focus revolves around utilizing the **C#** language and mastering the intricacies of **ASP .NET Core MVC** to build robust and scalable web applications. In addition to my proficiency in **C#** and **ASP .NET Core MVC**, I bring a strong foundation in **C**, **HTML**, **CSS**, **JavaScript**, and **Bootstrap** to the table. These skills allow me to create visually appealing and interactive user interfaces, ensuring a seamless and engaging user experience.

- **Younity Community Pvt. Ltd. – Internship. 14days**

Business Development And Research Specialist

- **Access Infrastructure Private Limited Srinagar**

2019 Oct – 2019 Dec

As a Telecaller at Access Infrastructure Pvt Ltd, my role was centered on ensuring exceptional customer satisfaction through effective telecalling and resolution of customer issues.

My Key Responsibilities included:

Customer Satisfaction, TeleCalling, Customer Problem Solving.

Projects:

- **TrainOra: A Smart Learning Management System**

Developed TrainOra, a modern Learning Management System designed to streamline online training, course delivery, and student performance tracking. The platform enables institutions and trainers to manage courses, learners, assessments, and progress analytics through a centralized digital system.

- **Demo Website | CodeCraze**

An interactive demonstration website exemplifying my proficiency in web development technologies such as **HTML**, **CSS**, **JavaScript**, and **Bootstrap**. **CodeCraze** serves as a practical showcase of coding expertise, featuring innovative design elements and functionality to highlight my skills in creating engaging and dynamic web applications.

Skills:

- Good knowledge **HTML, CSS, Javascript, Bootstrap, Php, Java.**
- Basic knowledge **MS Excel, MS Word** and **MS PowerPoint.**
- Good Knowledge **Microsoft PowerBI Data Visualisation.**
- Good knowledge **C#** and **C.**
- Good knowledge **MySQL**
